

# Let's Talk

Communication Access for All

**LET'S TALK** is an INCLUSIVE organization open to the general public. Everyone is welcome as our goals are to build meaningful relationships, to support inclusive participation and to grow our community's awareness of how AAC systems support our neighbors, friends and family to engage, learn and grow.

Our monthly CHALLENGES provide the opportunity to participate in a unique and fun challenge that encourages successful and independent communication with a variety of people in a variety of settings. Please join us!
